

Bamboo Desk Organizer Set

Add a little zen to your office space.

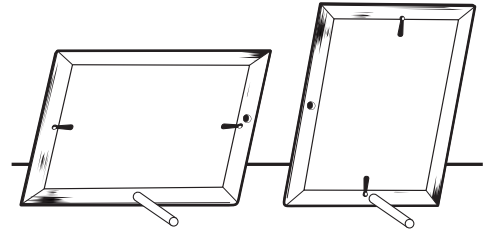

Organize your space with this coordinated desk accessory set made of sustainable Moso bamboo and sealed with a UV-cured clear coat that provides lasting beauty without introducing VOCs (volatile organic compounds) into your office or the environment. Store papers, mail, memos, and more in the large, medium, and small boxes. Jot down ideas with the blue ballpoint pen, then store it in the pen holder. Stand phones and small tablets in the phone holder for easy viewing. Protect your desktop with the coaster and keep loved ones close by with the picture frame (4" x 6" photo size).

This eco-friendly and versatile desktop set brings a peaceful sense of organization to any cluttered desk.

Step 1 - Insert Dowel

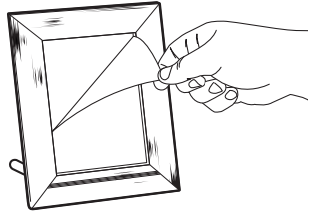

The picture frame stands upright by using the included dowel. Box contents may shift during shipment. Locate the dowel by looking through the entire box and its contents.

Insert the dowel into the appropriate hole in the back of the frame to display your photo in either landscape or portrait orientation.

Step 2 - Remove Protective Film

Peel the protective plastic film off of the front of the clear acrylic pane.
